Please provide any additional information about the incident:

Dear Sir/Madam, I would like to file a formal complaint regarding cybercrimes involving unauthorized access to and modification of my site, limer.us. I own, administer, and started it off on a domain registered with Namecheap, and GitHub Pages continues to host it. I first realized my site had become inaccessible and domain and hosting settings had been changed suddenly and unauthorized on 20/10/2025. That resulted in a total disruption of services and administrative access. The incident first came to my attention on 24/10/2025 at 0630 PM IST. I had to log into my registrar account, GitHub repository account, DNS records, and unnecessary password and 2FA checks to figure out the problem. I had to take service and control in command on 24/10/2025 after I revalidated the domain, verified TXT, and restored the DNS records to what GitHub pages needed. I then changed access credentials and like I said, I had control back. There is a suspected unauthorized access... I would like to file a complaint regarding cybercrimes involving...
